Motion carried in the affirmative (16-0-4).

Chr. Flynn introduced Raymond Castillo, newly appointed Orleans Representative to Cape Light Compact Governing Board. R. Castillo said he is interested in the work of Cape Light Compact and the good work of the LED Streetlight Project and Energy Education.

**2012 & 2013 INDEPENDENTLY AUDITED FINANCIAL STATEMENTS – PRESENTATION & DISCUSSION**

2012 & 2013 Auditors Reports on Financial Statements and were distributed to members. Christopher Rogers, CPA, Principal Clifton Larson Allen provided background information of the merger between Sullivan Rogers & Co. with Clifton Larson Allen Company and indicated 40% of their business is auditing public entities and municipal work continues to be the niche with no intention to change.

T. Mayo stepped out of the meeting at 2:20 p.m.

He said he is the principal on the Cape Light Compact Audit but is not the principal on the Barnstable County Audit which provides a fire wall between the audits. He said he has no involvement in the Barnstable County Audit. He then provided a power point presentation (Attachment A) highlighting the 2012 & 2013 Audit findings. He noted that in 2012 prior to the change in the collection of the Compact’s EERF the County loaned the Compact funds. He said Cape Light Compact paid an interest rate on the borrowed funds to Barnstable County higher than the bank would have paid the County in interest. There was discussion about the County Finance Department operating on a Fiscal Year and the Cape Light Compact Energy Efficiency Budget operating on the calendar year. He spoke about the Board’s vote to set aside funding for OPEB adding it is a cost cutting measure at the end of the day in most cases but may not be so due to age of CLC Staff. He said in setting aside funding, the Cape Light Compact is ahead of 99% of the Country. He reviewed the process where CVEC is producing Renewable Energy Certificates (RECs) and CLC purchases them from CVEC.

At 2:53 p.m. T. Mayo returned to the meeting.

F. Fenlon asked about language made within the Audit Letter as being less than supportive. C. Rogers explained the language appears in every audit performed. The Auditors have no “opinion” and are required to report findings. C. Rogers said the language contained in the letters for both 2012 & 2013 is the most positive report given by a CPA.

There was discussion about Barnstable County’s role as fiscal manager and that it provides a strong system of checks and balances. B. Crowell said he is looking forward to 2014 and these audits are very helpful.
There was discussed about the fiscal year and calendar year conflicts. M. Downey described possible transition to a calendar year system in Munis but there is a need to see the benefit of any transition and weigh them against the costs involved. The Board would need to go to a 6-month or 18-month budget transition, to accommodate any such change. C. Rogers agreed there is room for the improvement if there is a cost benefit.

C. Rogers noted that as a result of the merger of firms, there are now national specialists looking at both Barnstable County and CLC audit. T. Donegan suggested letters be sent to Town Selectmen & Barnstable Council relative to the audit results. M. Downey said Cape Light Compact will issue a press release and the audit reports will be posted on the Cape Light Compact website. The Board was provided Governance Communications Letters for both years.

**ENERGY EFFICIENCY PROGRAM**
**Compact & Statewide Winter Energy Efficiency Effort**
M. Song distributed copies of Chill Your Bill Poster (Attachment B) and Chill Your Bill Trifold Brochure (Attachment C) to the Board and reported there are approximately 500 customers in queue and 6-8 week wait for energy audits. She said a lighting kit available for sale Saturdays & Sundays in October at the Cape Cod Mall includes 3 LED light bulbs, desk lamps and nightlights. She said customers following through with recommendations made can replace incandescent light bulbs with LED’s. She said we are not replacing CFL’s with LED’s at this time. There was discussion about the superiority of LED bulbs vs CFL’s. The Commercial program also is replacing incandescent or halogen bulbs with LED’s. M. Miller said program managers are hoping the price differential and technology will make it possible to replace CFL’s with LED’s perhaps in the next 3-year Plan.

**ADMINISTRATOR’S REPORT**
M. Downey reported E. Bibler, Weston CT has requested copies of records sent to the Attorney General. She said most of the records sent are on the CLC Website. She seeks the Boards consensus about responding with two options: 1) Photocopy all of the material and redact – estimate cost will be $2,500 or more. 2) Offer to make binders available for examination – costs would only be to redact and/or copy confidential material. S. Hruby suggested a response directing him to the existing material on the Compact’s Website.

M. Downey said the Inspector General’s Office has had many records of the Cape Light Compact for well over two years and financials received today will also be sent. She said the Compact continues to make improvements and become more transparent. P. Cocolis said the Office of Inspector General letter of 2012 explained the confidentiality of the examination. The Board was not able to discuss. The IG will come out with recommendations for improvement. He said M. Downey has a job and board has given latitude to her to do her job, contacting the IG is within her job duties as Administrator. There was discussion about the IG’s letter to member Towns. M. Downey said Town’s must attest to records they possess relative to CLC. Towns can request an extension if more time is needed to gather their records. Atty. Bernstein said the IG wants towns to respond as best they can.

**DPU 14-69 UPDATE**
none

**CVEC UPDATE**
L. Argo, CVEC Special Projects Coordinator reported on the Dennis Yarmouth Regional School District Ribbon Cutting Ceremony held this morning. The event honored recently passing George Allaire, former Yarmouth DPW Superintendent. She distributed a table summarizing the Round I & II PV Projects and provided statistics relative to renewable electric generation and beneficiaries including 9 off-takers using excess
generation. Participants receive either a discount or credit on the electric bill. Round I PV Projects are all cash-out except Eastham installation.

L. Argo invited the Board to a group photo opportunity taking place at the Harwich capped landfill PV Installation on October 14, 2014 @ 10 am. She said CVEC has looked at many opportunities and currently the State is reinventing the incentive strategy. She said the potential Future Generation Wind project is a good financial opportunity to offer to off-taker towns.

**Open Session Vote on Entry into Executive Session**

At 3:53 p.m., Chr. Flynn requested the Board enter into Executive Session for the following purposes:
1. Power Supply Procurement Strategy Discussion (confidential and competitively sensitive information;
2. M.G.L. c 30A, Section 21 (a) (3 and (10) for the purpose of approving past Compact Executive Session Minutes.

She declared that an open session may have a detrimental effect on the bargaining or litigating and negotiating positions of the Cape Light Compact. She announced that the Board would not reconvene at the conclusion of the Executive Session in Open Session this day. P. Cabana moved the Board vote pursuant to M.G.L. c. 30A, Section 21 (a) (10) and 21(a)(3)(10) to enter into Executive Session, seconded by B. Worth and voted by roll call as follows:

1. William Doherty, Barnstable County Yes 11. Barry Worth, Harwich Yes
2. David Anthony, Barnstable Yes 12. Thomas Mayo, Mashpee Yes
3. Robert Schofield, Bourne Yes 13. Richard Toole, Oak Bluffs Yes
4. Deane Keuch, Brewster Yes 14. Ray Castillo, Orleans Yes
5. Peter Cocolis, Chatham Yes 15. Thomas Donegan, Provincetown Yes
6. Timothy Carroll, Chilmark Yes 16. Everett Horn, Sandwich Yes
7. Brad Crowell, Dennis Yes 17. Peter Fontecchio, Truro Yes
8. Peter Cabana, Dukes County Yes 18. Marcus Springer, Wellfleet Yes
10. Ronald Zweig, Falmouth Yes 20. Dr. Joyce Flynn, Yarmouth Yes

Motion carried in the affirmative (20-0-0). Staff & Counsel were permitted to remain.

Respectfully submitted,

Karen E. Loura
Administrative Assistant
